ASTROLOGY.

THE WORLD ASTONISHED

AT THE WONDERFUL REVELATIONS MADE BY THE GREAT ASTROLOGIST,

Madame H. A. PERRIGO.

She reveals secrets no mortal ever knew. She restores to happiness those who, from doleful events, catastrophes, crosses in love, loss of relations and friends, loss of money, &c., have become despondent. She brings together those long separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue and in what you will be most successful, causes speedy marriages and tells you the very day you will marry, gives you the name, likeness and characteristics of the person. She reads your very thoughts, and by her almost supernatural powers unveils the dark and hidden mysteries of the future. From the stars we see in the firmament—the galactic stars that overcome or predominate in the configuration—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. Fail not to consult the greatest Astrologist on earth. It costs but a trifle, and you may never again have so favorable an opportunity. Consultation fee, with likeness and all desired information, $1. Parties living at a distance can consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. A full and explicit chart, written out, with all inquiries answered and likeness inclosed, sent by mail on receipt of price above mentioned. The strictest secrecy will be maintained, and all correspondence returned or destroyed. References of the highest order furnished those desiring them. Write plainly the day of the month and year in which you were born, inclosing a small lock of hair. Address,

SATURDAY MORNING, JUNE 29, 1867.

P. L. SHUART, Publisher and Proprietor.
DANIEL McLAUGHLIN, Editor.

The Presidential Tour.

Andrew Johnson has been swinging around "Sumner's circle," of late, and has not met any of that uncouth incivility that characterized his swing last year. Things are changed, somewhat, in the States; people of all shades of politics are beginning to manifest more respect for each others opinions; and the effect of this confidence is wide spread and salutary. The rabid incoherant tirades of fanatics in all sections of the country, has been felt too severely, to tolerate with approval, that style of presentation and representation any longer. The duty of public men to their constituents, does not begin and end in alone displaying the bad qualities of other men or other measures, and inflaming the public mind, and individuals, too, against them. There is something else needed. Prejudice convinces nobody. It can be fanned, and fed, and kept alive to the injury of individuals and society. Charity and liberality, are the best qualities for all men to cultivate. While these predominate, men will reason in coolness of temper, listen with patience to the particularization of their errors—if they have any—and endeavor to reform their conduct when convinced.

Last year the Radicals said many naughty things against our President, when swinging with Seward and Grant; and some of their Congress men swore they would impeach him and drive him into obscurity. The President lost his temper and said horrible things about the Rads. For a time it looked squally, but better counsels prevailed. Everything is going smoothly now; and the President visits the home of Wendal Philips, and is honored as becomes his position.

In the South, things look bright. Every day establishes the fact stronger than the preceeding one, that reconstruction is working like a charm. The Southern States will be represented in the Congress of the United States, before the first of January next; however much the attainment of that object may interfere with some individual's desires. Individual views are legitimate matters to indulge in, but no one's from Stansberry, Wells and Sheridan's, down to the Queen's subjects, can prevent reconstruction.

A WOMAN'S SCALP.—George Larme, one of the party who chased the Indians who stole Joe Boyd's stock, and picked up the scalp of a white woman, is now in this city, and has in his possession the said scalp. It has fine, brown hair, and was doubtlessly taken from the head of a girl not over sixteen. When it came into his hands it seemed still fresh, and the outside white and delicate. It was probably taken from one of the three women recently killed on Pole Creek. How painful an emotion is suggested by this fact.—*Omaha Republican.*

In the Suarratt trial, to-day, several witnesses were examined, but nothing of any importance elicited.

The President's party arrived here to day. They were welcomed by Governor English. The President returned thanks in a brief speech, for the manifestation of respect shown him. Seward and Randall also spoke.

Ottawa, June 27.

The members of the first government dominion of Canada, will be sworn in on Monday. The following is a reliable list: Messrs. McDonald, McDougall, Blair, Campbell, Howland, Cartie, Galt, Langevrill, Chapais Kenny, Archibald, Tilly and Mitchell. Mr. Kenny is the leading merchant of Halifax, and is the joint nominee of Dr. Tupper and Darcy Mcgee, who have withdrawn in his favor.

Portland, June 27.

In the Republican State Convention, held at Augusta, to-day, Ex. Gov. Coney presided. Hannibal Hamlin made a speech advocating the impeachment of the President. Governor Chamberlain was nominated by acclamation. Senator Morrill in his speech said that the President couldn't be trusted, and Congress didn't trust him, when they adjourned till July 3d, and events vindicated their foresight. Hon. F. A. Pike said Congress is going to make reconstruction laws, so that the wayfaring man—though a fool—might not err. He said it might be necessary to take the political life of the President, but that could be done.

Agusta, June 27.

There is a heavy rain storm, accompanied by thunder and lightning, raging here; demolishing trees, houses and it is feared cotton and corn crops are seriously injured. Registration proceeds quietly in all parts of the State. In some sections the whites appear lukewarm, but press and urge the registration as an imperative duty.

New Orleans, June 27.

The City Treasurer has published a statement of the amount of notes issued, and by what authority, denying Mayor Heath authority to repudiate any portion of them. He continues to receive them for all debts due the city.

Washington, June 27.

The Court of Claims adjourned until the 12th of August.

The Ordinance Committee held their first session to-day. Cameron, Schenck, Butler, and Logan were present. The session will be held with open doors. Capt. Wise, Chief of the Ordinance Bureau, was examined as to contracts made by him for ordnance and munitions during the war. The Judiciary Committee met for session to-day. Boarwell, Lawrence, Williams, Thomas, Marshall and Eldridge were present, and preparing their report for Congress.

New York, June 27.

Advices from San Louis Potosi of the 11th, represent that Maximilian's trial will begin on that day. On the 9th, Gen. Diaz was leaving the Capital, and made a review of his army, which, from re-enforcements received from Queretaro, numbers 30,000 men. He reports he can take the city at any time by assault.

Albany, June 27.

The Finance Committee of the Constitutional Convention, will probably report in favor of sustaining the Financial Articles of the present Constitution, and of paying off the debt of the State before contracting any new debt for internal improvement.

Chicago, June 28.

The *Republican's* special says, it has transpired that our Minister to Mexico was instructed to have an interview with Juarez and intercede for the life of Maximillian. He has been supplied with copies of the requests, to that end, made by the English and French governments. One of the administration papers here, to-day, denies the statement that several New York papers made, that the President and Cabinet decided on the powers of the military commanders to make removals; or that it was decided to change the military commanders.

The *Time's* special says, Weichman was examined in the Surratt trial, to day. He testified at great length, and recited his evidence as if it had been committed to memory. It was in order of date, and embraced his acquaintance with the Surratt family; also their doings up to April 3d. His direct examination will cont nue to-morrow. The Prisoner never took his eyes off the witness during the examination.

New York, June 28.

The *Herald's* special says the Emmaperor of Austria, having been informed by telegraph of the capture of his brother, immediately instructed his minister here to renew the request before made to this government, that other measures might be taken in behalf of Maximillian. An interview occurred on the 29th of last month between Seward and Count Wyndenbarck, in which the Secretary manifested his readiness to comply with the wishes of the Austrian Count. He resolved at once to entrust Campbell with the mission. In the course of the following day the Russian, English and French ministers received successively from their courts telegraphic instructions to apply to our Secretary of State requesting the United States government to exert its good offices once more to save the life of Maximillian. These gentlemen stated that they executed the mission confided to them with great zeal and ability, and received from Seward assurances that all should be done that was possible to secure the object desired.

The *Times'* special says Sheridan will complete his reconstruction work at an expense of one fifth as much as Sickles says will be required for his. The Secretary of War has been confined to his house the past three days by illness, but is so far recovered as to be able to resume his duties at the department to morrow.

The *Tribune's* special says General Wager Swayne, commanding the district of Alabama, issued a general order suspending the most unjust law of that State, imposing heavy stamp duty on official documents relative to collections, pensions, county and back pay of the union soldiers; also repealed the law imposing and discriminating license and taxes on on the sale of illustrated periodicals published outside the limits of Alabama.

About The Mormons.

The London correspondent of the San Francisco *Bulletin* of the 20th inst., writing from that place, under date of April 30th, dishes up the following in his letter:

"I owe to being a great sinner. For three months have I been in lodgings, within earshot of a Mormon missionary tabernacle of Latter-day Saints, and never once darkened the door of *this* house of the Lord. I should have attended divine service there when B. Young's 45th son preached the gospel according to Joe Smith, but for half a dozen reasons which prevented. The chief was that my wife put her foot down resolutely against my aiding by my presence the "beastly polygamy" of Brigham Young. I dislike family jars, and denied myself of the luxury of an audience with the Saints. The semi-annual conference of the "Church of Jesus Christ of Latter Day Saints" was held in the Music Hall, Store Street, Bedford square, a fashionable quarter of London adjoining my place of abode. The *Quarterly Review* sent a reporter to catch the drippings of the sanctuary when Brother Brigham's son, by his fiftieth or sixtieth wife, held forth on the 7th of April. The gathering was the anniversary of the 37th year—6th April, 1830—when Joseph Smith formed his church of six members. But about this there must be a grave mistake, for I know a Mormon missionary itinerated though New York in the year 1829. It was in 1826 that Joe Smith "dug up" his Mormon gold plates or tablets, from which he wrote out the Mormon bible, but which said plates consisted of a religious manuscript novel, written, as tradition has it, by an invalid clergyman in Cherry Valley, New York, after the manner of Ossian's poems. How it got into Joe Smith's and Sidney Rigdon's hands, I forget, and I also forget when Smith, Rigdon or a farmer of Palmyra undertook to hire Thurlow Weed, then editing a paper in the city of Rochester, near Palmyra, to print the book of Mormon, which negotiation fell through. I do not thing Brigham Young was among these primitive and immoral, or immoral, six apostles who followed their brother Joe Smith. Young was a religious enthusiast with a family, whom he would leave for weeks, with "nothing in the house," to the protection of the Lord, while he, in his white choker and white wool hat, was far away, "howling at camp meetings"—so his neighbors profanely called his ministrations, while they fed the family of this "ornery cuss," as he was familiarly styled by all both great and small."

"I have not space to comment upon Mr. Dixon's book, which you no doubt have already seen. Mormonism is a prolific topic for books and lectures in London. Poor Artemus Ward's greatest card in his lecture room at Egyptian Hall was the Mormons. Mr. Dixon's book becomes a celebrity because it discusses polygamy. Liverpool is the headquarters of English Mormonism. London has 10 congregations, 93 elders, 54 priests, 21 deacons, 1,030 booked members, 30 or 40 missing, 44 excommunicated. Cash raised during the past year, $5,573, or about $5 per head. In 1868 they all "clear out from this land, to their home in the mountains"—so they say.

RUST in the wheat is feared in portions of Virginia.

THE widow of Bishop Polk is teaching school in Tennessee.

THE surplus of the wheat harvest in Georgia, it is estimated, will reach 10,000,000 bushels.

THE Massachusets authorities have contracted with the builders of the Chicago Lake Tunnel for two years' work on the Hoosac Tunnel.

THERE are said to be 340,000 Grand Templars in North America, and the Order had an accession of 100,000 members during last year.

MRS LINCOLN is going to reside in Racine, Wisconsin. Her furniture was sold at auction in Chicago last Saturday, and brought good prices.

GEN. HOWARD has recommended the officers of the Freedmen's Bureau to form temperance associations among the freedmen, to which whites may be admitted.

A LINE of steamers will be started this month to connect Savannah and Liverpool. The people of the South are quite anxious to open direct trade with Europe.

NEAR Red Mountain City, Montana, there are three extinct craters of a volcano. Upon throwing a stone in them, not a sound can be heard of their touching the bottom.

A DEED for $2,100,000, with stamps to the amount of $2,100, has been recorded in Polk county, Iowa. It covers nearly 40,000 acres of land, including many improved farms.

IMMIGRATION.—Advices from Ireland announce that a heavy tide of emigration has begun from that country to the United States, and it bids fair to increase in volume as the year advances.

GALVESTON, Texas, it is estimated by the authorities of that city, now has a population of 22,500—an increase since 1860 of about 13,500. Of the present population, 17,500 are whites, and 5,000 colored.

STRAYED OR STOLEN.

On the night of the 22d inst., the stock herein described was turned out to feed, about three miles this side of Chambers' Station, Point of Mountain and have not been heard of since; viz: One large sorrel horse, branded G M on hip; one small roan horse with Spanish brands, and, also, a black mare mule with Spanish brands. Any one leaving information at Faust & Monte's stables, or with F. A. Gilbert (the owner), at Stockton, Utah, will be amply rewarded. jc29-3t

WEEKLY VEDETTE.—Parties desirous of obtaining copies of the Weekly, in wrappers, to send away, can always find them at this office. The Weekly now and hereafter will contain all that is published in the Daily except the telegraphic dispatches.

COMING THIS WAY.—The Union Pacific Railroad is completed to Julesburg. The cars arrive and depart from there daily. Julesburg is about two hundred miles east of Denver. Next fall will find the end of the railroad nearer to us than Denver is at present, if they keep pushing it along as lively as they have been doing since spring.

MAILS.—We are happy in being able to state that the overland stages come in as regularly as of yore, with passengers and express matter; and as irregularly as ever with eastern mail matter. We received one paper from the east, yesterday, a copy of the Chicago Post, and our readers may now look out for something new. This is the first eastern paper we have received in exchange, for—the Lord only knows how long. How long is this thing to continue?

DEFICIENCY.—The absence of local items has superinduced in us a feeling that makes us wretched and humiliating. What's to be done? We cannot fabricate like other people; we must have facts. There are no marriages; no deaths; no births; "no nothing." What are we coming to? Won't some benefactor of the press inaugurate a fight; rig up a runaway of some kind; improvise a burglary or an arson, just for the occasion; or persecute some one who is an apostate or a Gentile? That will give us what Artemus of old wanted, "a place whereon to stand"—and then, like him, we "will move the world."

Quoth Jones that is "on"
To Jones that is "off,"
"I'll wager five dollars in cash,
That you cannot divine,
Or a reason assign,
Why the *Telegraph* resembles potash."

"There's no reason to grope,
Through its slime and soft soap;
I'll give the where-fore with a sigh!
It's patent to all,
The great and the small,
It's composed of concentrated 'LIE.'"

I. O. O. F.—At the regular meeting of Utah Lodge No. 1, I. O. O. F., held Thursday night, P. G. Fred. Auerbach, who only a few days ago returned from the east, was the recipient of a very handsome testimonial, consisting of a Past Grand Star. The presentation was made by Past Grand Christopher Diehl, of Harmony Lodge No. 18, San Francisco, in very appropriate remarks, and was feelingly responded to by the recipient. The star is of virgin silver, with a gold hand holding a ruby heart; on the reverse are the seals of Utah Territory and the Lodge, overshadowed by the All-seeing Eye, engraved, and on the reverse is the following inscription: "Presented to P. G. Fred'k Auerbach by the members of the I. O. O. F. of G. S. L. City, as a token of their esteem and friendship. June 27, 1867." The star was manufactured in San Francisco under the superintendency of Past Grand Patriarch, Hr. Lewis Sober, one of the greatest living Odd Fellows on the Pacific Coast. The workmanship of the star is beautifully executed; also the engravings, and are a credit to both Dr. Lewis Sober and to the manufacturers.

Of 13,000,000 bottles of champagne annually exported from Rheims and its vicinity, the United States get 2,000,000 of the poorest kind.

THE London *Spectator*, of May 1st, says of an event which caused the true Briton heart to leap for joy, that "the Princess Helena achieved her first baby successfully, last Saturday afternoon."

TEXAS.—Thirty years ago the sterile plains of Texas—the great desert of the southwest—belonged to Mexico. To-day, Texas is doing more trade with the world at large than is the Republic of Mexico, with its eight millions of inhabitants.

IN the last eleven years the California mines have produced eight hundred millions of dollars in gold. This immense treasure could be compressed into space twelve by fifteen feet, and twelve feet four inches high, weighing 1,627 tons.

PETITIONS are in circulation throughout Texas proposing a division of that State into two parts—East and West. Texas is large enough to make four States, but the present population is so small, there is no necessity for a division.

KNOW THY DESTINY.

MADAME E. F. THORNTON, the great English Astrologist, Clairvoyant and Psychometrician, who has astonished the scientific classes of the Old World, has now located herself at Hudson, N. Y. Madame Thornton possesses such wonderful powers of second sight, as to enable her to impart knowledge of the greatest importance to the single or married of either sex. While in a state of trance she delineates the very features of the person you are to marry, and by the aid of an instrument of intense power, known as the psychomotrope, guarantees to produce a life-like picture of the future husband or wife of the applicant, together with the date of marriage, position in life, leading traits of character, &c. This is no humbug, as thousands of testimonials can attest. She will send when desired a certified certificate or written guarantee that the picture is what it purports to be. By inclosing a small lock of hair and stating place of birth, age, disposition and complexion, and inclosing fifty cents and stamped envelope addressed to yourself, you will receive the picture and desired information by return mail. ☞ A YOUNG LADY returning to her country home, after a sojourn of a few months in the City, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the Circassian Balm, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. The Merchants' and Manufacturers'

JEWELRY ASSOCIATION

Calls your attention to the fact of its being the largest and most popular Jewelry Association in the United States. The business is and always has been conducted in the most candid and honorable manner. Our rapidly increasing trade is a sure guarantee of the appreciation of our patrons for this method of obtaining rich, elegant and costly goods. The sudden stagnation of trade in Europe, owing to the late German war, and the recent disastrous financial crisis in Europe, has caused the failure of a large number of Jewelry Houses in London and Paris, obliging them to sell their goods at a great sacrifice, in some instances less than one-third the cost of manufacturing. We have lately purchased very largely of these Bankrupt Goods, at such extremely low prices that we can afford to send away Fine Goods, and give better chances to draw the most valuable prizes, than any other establishment doing a similar business. OUR AIM IS TO PLEASE, and we respectfully solicit your patronage, as we are confident of giving the utmost satisfaction. During the past year we have forwarded a number of the most valuable prizes to all parts of the country. Those who patronize us will receive the full value of their money, as no article on our list is worth less than One Dollar, retail, and there are no Blanks. Parties dealing with us may depend on having prompt returns, and the article drawn will be immediately sent to any address by return mail or express.

The following parties have recently drawn valuable prizes from the Merchants' & Manufacturers' Jewelry Association, and have kindly allowed the use of their names:

Frederick V. Browne, Esq., Treasury Department, Washington, D. C., piano, value, $450; Miss Anna L. Frost, Waverley Terrace, N. Y.
